

Name of the project :

Type of project:

- Master thesis
- PhD thesis
- Post-doc thesis
- Other

Keywords :

Theoretical background (max 1 page):

General and specific objectives:

Tested hypotheses:

Number and titles of experiments (workpackages):

---

Experiment 1:

Title:

Experiment managers (name, function, email, phone number):

Other people involved:

Ethical committee request: Y - N

Experimental period:

Place of experimentation:

- URBE
- Field
- Other lab at Unamur
- Other lab outside Unamur

Description of the questions to be addressed:

Experimental procedure (including how to proceed; on what organisms; by who; the output elements):

Timetable:

Identified risks and contingency table:

*Protocol template for a project at LEAP*

*Version 1 – January 2023*

*Frédéric Silvestre*

---

Data management (what data; how to acquire it; where to keep it; how to share it):

Data analysis plan (including a priori power analysis):
